L3 SIDE CHAIR

KØBENHAVNS–MØBELSNEDKERI

L3 SIDE CHAIR

SEATING

BEECH + WEBBING

L3 Side Chair is developed in collaboration between Japanese professor and architectural designer Masashi Kajita and Københavns Møbelsnedkeri. Drawing on the ladderback tradition, reduced and refined into a pure, functional form. The seat webbing is crafted by artisans at Blindes Arbejde, supporting inclusive craftsmanship and the social dimension of making. L3 side chair is made of solid beech and is handcrafted in Denmark.
